Pastors & Churches Open Their Hearts

*We were called upon to help a local church navigate through a difficult time; God's grace was present in the situation. *Patti spoke to a group of single teachers and business women of the Sao Paulo area located in a community known as Alphaville. It was an extremely blessed and fruitful time. *We are preparing to present a marriage retreat weekend for 30 couples. *On Sept. 12, Oct. 3rd & 10th, we are being interviewed on a local radio station regarding the concepts of a Christian marriage. *We were blessed to help in the transition of a retiring pastor and superintendent couple; walking through this period with them and sharing with the two congregations that they pastored. God is opening a new door for them. *Dale spoke to a Business Men & Women's gathering of 80 people, in which 15 of the participants received Christ that night. It was a thrilling experience. *The night before he spoke in a local church of 80-90 people and 5 people received Christ. This was an unexpected joy in that most of the people with whom we are ministering are Christians and leaders, but these were occasions in which unbelievers were present.

*This past month has been a great blessing full of opportunities and challenges. *Patti dropped a glass table top on her foot and is thanking God and believing for full recovery from this painful incident. :) *Dale also had some physical health challenges that are coming under control. We are very grateful for your prayer vigil over our lives and ministry here in Brazil.
